Office Action Summary

Art Unit: 2642

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

Claims 1-15 and 30²⁹ are rejected under 35 U.S.C. 102(e) as being anticipates by Staples et al '845.
A

Staples et al disclose, col. 7, lines 9-51, an apparatus that allows that allows a remote user to make outgoing PSTN calls, send faxes, transmit data, send e-mail as if the remote user was physically present at his office. Also incoming PSTN calls, faxes, data transmissions, & e-mails that are received at the corporate office are routed to the remote user. For incoming communications the virtual presence server performs remote access call forwarding to the remote user's communication device being used by the remote user.

Examiner disagrees with applicant's remarks that Staples does not disclose setting identification information notified from a communication network as a forwarded-to apparatus Staples does the same thing by programming (setting) the phone number (identification information) to which all communications are to be sent.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

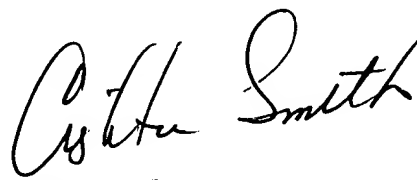

Art Unit: 2642

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
